

MAHMOUD HARASIS

WEB DEVELOPER

About Me

I am a Full Stack Developer who is passionate about data technology and loves to learn and work with the latest generation of technologies. With 6 months of training at Orange Coding Academy, I have developed a strong foundation in Full-Stack Web Development and gained hands-on experience in using modern technologies to build web applications.

I am a self-motivated individual who is always eager to take on new challenges and work collaboratively in a team environment. I have strong problem-solving skills and enjoy finding creative solutions to complex technical problems. I am also skilled in motivating others and working with diverse groups of people to achieve common goals.

Education

Orange Coding Academy 2022

Orange Coding Academy is a training program that focuses on teaching Full-Stack Web Development skills. Students in the program learn front-end and back-end technologies such as React, Node.js, MongoDB, and SQL. The program is immersive and hands-on, with students working on real-world projects to apply their learning. The goal of the program is to prepare students for a career in Full-Stack Web Development using modern technologies.
